| <p>Marvel hakee komealla yläpäisellä laukalla vauhdikkaasti. Se on kiinnostunut paristaan jokaisessa erässä, mikä häiritsee hakua. Itsenäistä työtä tehdessään sen haku on riittävän laajaa ja maastonpeittävää. Jonkin verran se tekee myötätuulikäännöksiä varsinkin oikealla puolella. Kolmannessa erässä Marvelin haku supistuu liikaa ja näin ollen ei jatka Derbyn karsintaa iltapäivään.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                 |    |         |       |           |   |    |                               |             | <p><b>Linnun käsittely, arviointi jokaisesta lintutyöstä erikseen</b></p> <table border="1"> <tr> <td>Paikallistaminen 1-4</td> <td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td> </tr> <tr> <td>Nosto 1-6</td> <td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td><td>0</td> </tr> <tr> <td>Hyväksytty nosto, rasti</td> <td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td> </tr> </table> |    |                                                                                                                                                                                                                              |    |      |        |      |    |             |             | Paikallistaminen 1-4 | 0 | 0                  | 0 | 0 | 0       | 0     | 0         | 0                 | 0 | Nosto 1-6                         | 0 | 0 | 0 | 0 | 0 | 0 | 0 | 0                             | 0 | Hyväksytty nosto, rasti |   |   |   |   |   |   |   |                   |   |                |   |   |   |   |   |   |   |                    |   |                        |   |   |   |   |   |   |   |                         |   |                                                                                                                                                                   |  |  |  |  |  |  |  |  |  |    |                 |   |  |         |   |
